## Parent survey results 2023 - 2024

### Introduction

Each year we seek the views of the parents and carers at Hazel Leys Academy about various aspects of our work.

The outcomes below are the parents and carers perceptions of the different questions asked. This helps us to better understand the work of our academy, what we do well and the areas we need to improve from the perspective of the parents.

We will ensure that the outcomes with required improvement are used to shape updates to the academy development plan so that we can do things better from the parents and carers perspective.
